Price represents barn style building as shown at right.

Building displayed at right is without a vertical roof.
Note: The building base frame is one foot shorter than the length dimensions. For example, on a 36x36x12, the base frame of the building is 36x35.

Leg height of center structure = 12 Feet.

Leg height of lean-to's = 7 Feet.

Extended gables on front and rear of center structure.

Outside walls of lean-to's are closed.

Front and back end of both lean-to's are closed.

Left lean-to has a 9'x 7' door opening. - NO DOOR
